Servicios

In such an overwhelmingly competitive and dynamic market, daily challenges pose a higher difficulty in our current era.

In the corporate image and furniture line we pool together our efforts to provide our clients with the proper branding offering to manufacture and set up:

- Corporate Image Elements.
- Signage and Digital Billboards.
- Sales Furniture.
- Corporate Events.
- Railway Equipment.
- Services.

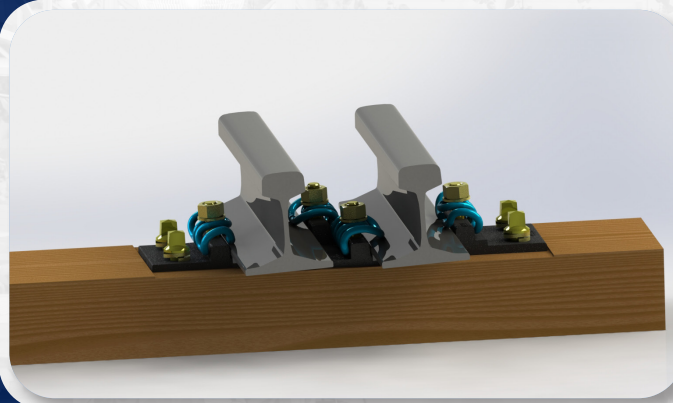

1 · Corporate Image

2 · Signage · Digital Billboards

3 · Railway Equipment

4 · Sales Furniture · Interior Design

5 · Glass Canopies · Touristic Signage

6 · Corporate Events

7 · Services

# Corporate Image

Corporate image is a reflection of a company's personality, its own living visage which represents its values. Thus, it is a key factor in corporate marketing and it must be handled with care.

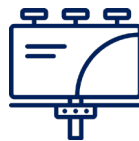

And, as we are so dedicated to developing corporate solutions, we design and implement all sorts of indoor and outdoor elements with the utmost quality and care required to paint a realistic face on the facade of a business.

# Signage · Digital Billboards

Thanks to our extensive experience in developing and implementation of signage and digital billboard projects which has granted us the proper knowledge to tackle any sort of task concerning these matters with meticulous efforts to adapt to the client's needs and requirements.

We have at our disposal all the tools and resources needed to design and manufacture any type of digital support to display interactive or static information. By partnering with top-market brands, we implement displays in both indoor and outdoor totems, massive screen supports, billboards or panels.

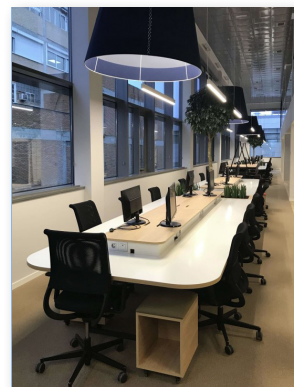

# Sales Furniture • Interior Design

We walk step by step through a marketing maze along with our client to seek out the features of their brand in order for us to design, manufacture and implement furniture adapted to their sales or service needs.

We are proud suppliers of corporate image solutions for a myriad of companies in a wide variety of sectors which include retail, hospitality, banks, insurance sales, hospitality, healthcare, public institutions, etc.

# Glass Canopies · Touristic Signage

Every day we embark on a quest to design and develop setup and maintenance projects consisting of implementing and maintaining commercial glass canopies at bus stops and other sorts of billboards adapted to the location. Our main projects include several collaborations with national business as well as many other projects for international clients.

In a similar way, our touristic signage business line is bound to the same efforts but adapted to the very specific necessities of tourism which entails efforts in design and implementation of travel guides, billboards, indoor and outdoor decoration, and any other element that may be required by the client. This service shall include developing manuals, performing market and implementation research, engineering manufacturing processes, setup and maintenance.

# Corporate Events

We take care of the entire event process for you to focus on promoting your brand and having a fun time. What we attempt to do by managing and designing these events is to give your brand visibility and allow the company to bind links with clients or target audiences. We design all the imagery of an event, we set up the furniture, we provide support in other regards involving audio-visual media, catering and yes, we will take care of the mess once the event is over.

We bear on our back a heavy load of experience in designing and managing events for both public and private institutions.

# Services

We have 4600 m2 of facilities at our disposal to design and manufacture corporate image elements and sales furniture. The main services that we offer for both public and private institutions are:

- Consultancy
- Cut, folding and piercing of steel and aluminium plates of different widths.
- Special welding
- Liquid paint and dust paint with a wide variety of colours and hues for all kind of materials.
